10/00372/FUL – Extension and alterations to garages and removal of one Norway Spruce Tree, Anchor Cottage, 5 Riverside Spinney, Wansford – Revised. Response to be sent that “We note the changes made but these changes do not alter our attitude to the previous decision we made at our last meeting and comments reported to Planning on the 25th April 2010. We are quite perturbed that this application was dated 30th April 2010, we received on the 1st May and the Parish Council are expected to respond by the 10th May, a timescale of 10 days. Our understanding is that we should have a 21 day consultation period on applications. If there is a substantial change to drawings then 21 days consultation period should stand.”
